Theme: TEXTURES IN MOUNTAIN LANDSCAPES

We are expecting photographs of single or range of uniquely shaped mountain landscapes which aims to create textures.

The image texture can alter its mood and meaning drastically. While rough textures could suggest rugged mountains and harsh terrains, smoother once might resemble peace and stillness.

Show us that a single landscape frame can show the exquisite nature's art.

e.g: Abstracts and a combination of silhouettes, valleys of different kinds, plateau covered in carpet of flowers, textures of clouds above the mountains, night photography done in mountains etc.

There are no participation fee for this competition.
